

St. Andrew's Kids' Club Newsletter

22nd September 2023

Kids' Club has got off to a flying start this term and the children are loving all the activities. We are getting outside as often as we can so that we can be active. New board games have been bought and the children are learning how to play these. A firm favourite is still lego and dinosaurs!

Thank you for your patience with the booking and payment systems. Miss Scott who works in the school office has been working hard to get this up and running. There are always teething problems when new systems are put in place. We are hoping it should make everything easier by using School Spider.

Bookings and Payments

We will now be using School Spider to take new bookings and make payments. You will receive invoices for your child on a half termly basis. If you are using childcare vouchers, these can be uploaded to School Spider and the value used to pay for the club your child attends.

As before, payment is required in advance of your child attending and you are paying for their space on the club. If we hold an email address for you, you will have had an email detailing your login details for School Spider.

If you are struggling with any of the above, please contact Miss Scott.

Staffing

There are new Kids' Club staff and most of them already work in school. Below are some details. We currently have an advert out for a Kids' club manager and once someone is appointed we will share these details.

In the meantime, you can always talk to staff when you drop off and pick up. Any booking arrangements and payment queries need to be made through the school office-Miss Scott will be happy to help you.
