

St Andrew's C of E Infant School

This week we have...

WB: 22.04.24

- Continued to work really hard in our phonics sessions!
- Continued to learn our teen numbers! We have learnt how to make 15, 16, 17, 18, 19 and 20!
- Been watching our caterpillars grow bigger and have been writing sentences about them.
- Read the story 'Yucky Worms' and learnt that worms are not yucky and we need to look after them! We have made our own wormeries, enjoyed digging to find worms and we are now waiting for them to dig tunnels!
- Learnt about the story of Abraham Genesis (the story of God's friend). We spoke about how we would make a new house feel special.
- Learnt about St George's Day in PSHE. We made a human England flag, chalked a giant flag on the playground and made our own shields. We spoke about whether we believed the story of St George slaying the dragon.
- Begun to learn how to overarm throw in PE, along with practicing our balancing and jumping skills.
- Mastered playing the glockenspiel to the song old McDonald had a farm in music!
